Arrears outstanding under Religious Institutions

I have the honour to state that meters were not fixed in the case of Religious Institutions prior to 26th August 1939 But as per new Rule 80 of the Water Supply Regulations meters were fixed and bills were sent to the authorities concerned for payment of excess water charges at a rate of annas-eight per 1,000 gals Such bills were continued to be sent till the Rules were modified vide G O No L 8034/Ml 86-40-10 dated 10-5-1941, wherein it was ordered that water shall be supplied free of cost in the case of temples, churches and mosques

The amount claimed in bills in this period of time are shown as arrears in the books of this/and represent the demands made for the period during which the meters were fixed and removed, i e , for a short period of nearly a year So far no payments were made by any one of the authorities concerned

Under the circumstances explained above, I request you to kindly permit me to withdraw the demand since they represent no tangible income A list of such institutions is submitted herewith for kind information
